Cosmo Energy Holdings Named a “Supplier Engagement Leader,” the Highest Rating in the CDP Supplier Engagement Assessment, for the Second Consecutive Year

Cosmo Energy Holdings Co., Ltd. has been recognized for the second consecutive year as a “Supplier Engagement Leader,” the highest rating in the Supplier Engagement Assessment (hereafter, “SEA”) conducted by the Carbon Disclosure Project (hereafter, “CDP”)*, an international NGO that promotes environmental information disclosure.

The SEA evaluates governance, targets, Scope 3 emissions, and value chain engagement reported by companies in the CDP questionnaire.

The Cosmo Energy Group is proactively and continuously working to preserve the global environment in line with its Group Management Vision: “Striving for an infinite tomorrow, developing sustainably in harmony with humanity, society, and our planet.”

Regarding its suppliers as valuable business partners, the Group strives to maintain appropriate communication and build sound relationships to promote sustainable development together, with the aim of realizing mutual prosperity and a sustainable society. In recognition of these initiatives, the Group received the highest rating this year.

Looking ahead, the Cosmo Energy Group remains committed to helping realize a sustainable society by addressing environmental issues through its business activities in partnership with suppliers and other stakeholders, while ensuring appropriate information disclosure.

*Carbon Disclosure Project (CDP) is a non-profit organization established in the United Kingdom in 2000. It conducts surveys on corporate initiatives related to climate change and water security through questionnaires, and evaluates them on an eight-level scoring scale from various perspectives, including governance, risks and opportunities, business strategy, and targets and performance.
