The Cosmo Oil Eco Card Fund endeavors

conducting activities around two themes:

closely related to environmental problems,

our Living With Our Planet Projects take measures in line with its two main focuses: "initiatives in response to global warming"

and "preservation of biodiversity," in the

belief that they will lead to substantive

to realize a sustainable society by

"restoration and preservation of the environment in Japan and overseas" and

"education of the next generation." Given that poverty, food shortages, education and other social issues are
